Subject: Veasey v. Perry: Draft Supplemental Protective Order
Attachments: Consent Supp Prot Order 01-17-16 DRAFT.docx

Elizabeth,

Thanks for taking the time to talk about the databases. Attached is a draft of the Consent Supplemental Protective Order. As we discussed on the phone today, the United States and the Defendants agree that the Defendants will produce its databases to only the United States, and only the United States will perform the matching process between the TEAM database and the various Texas and federal databases corresponding to forms of identification under S.B. 14. The Defendants want to avoid any delay in turning over the Texas databases to the United States and thus seek consensus between the parties on the matching procedure. It is with this goal in mind that we propose this draft. Please send any edits you have in red line format.

Regards,
David
